

Clinical Policy: Brexanolone (Zulresso)

Reference Number: CP.PHAR.417

Effective Date: 06.01.19 Last Review Date: 05.22

Line of Business: Commercial, HIM, Medicaid

Coding Implications
Revision Log

See <u>Important Reminder</u> at the end of this policy for important regulatory and legal information.

Description

Brexanolone (ZulressoTM) is a neuroactive steroid gamma-aminobutyric acid (GABA) A receptor positive modulator.

FDA Approved Indication(s)

Zulresso is indicated for the treatment of postpartum depression (PPD) in patients 15 years and older.

Policy/Criteria

Provider must submit documentation (such as office chart notes, lab results or other clinical information) supporting that member has met all approval criteria.

It is the policy of health plans affiliated with Centene Corporation[®] that Zulresso is **medically necessary** when the following criteria are met:

I. Initial Approval Criteria

A. Postpartum Depression (must meet all):

- 1. Diagnosis of a major depressive episode that began no earlier than the third trimester and no later than the first 12 weeks following delivery, as diagnosed by Structured Clinical Interview for DSM-5;
- 2. Prescribed by or in consultation with psychiatrist;
- 3. Age \geq 15 years;
- 4. Member meets one of the following (a, b, c, or d):
 - a. HAMD score is ≥ 24 (severe depression) (see Appendix D);
 - b. MADRS score is ≥ 34 (severe depression) (see Appendix D);
 - c. PHQ-9 score is ≥ 20 (severe depression) (see Appendix D);
 - d. Failure of an 8-week trial of one of the following oral antidepressants at up to maximally indicated dose but no less than the commonly recognized minimum therapeutic dose, unless clinically significant adverse effects are experienced or all are contraindicated: selective serotonin reuptake inhibitor (SSRI), serotonin-norepinephrine reuptake inhibitor (SNRI), tricyclic antidepressant (TCA), bupropion, mirtazapine (*see Appendix B*);
- 5. No more than 6 months have passed since member has given birth;
- 6. Dose does not exceed 90 mcg/kg per hour over 60 hours (2.5 days) as follows:
 - a. 0 to 4 hours: Initiate with a dosage of 30 mcg/kg per hour;
 - b. 4 to 24 hours: Increase dosage to 60 mcg/kg per hour;

- c. 24 to 52 hours: Increase dosage to 90 mcg/kg per hour (alternatively consider a dosage of 60 mcg/kg per hour for those who do not tolerate 90 mcg/kg per hour);
- d. 52 to 56 hours: Decrease dosage to 60 mcg/kg per hour;
- e. 56 to 60 hours: Decrease dosage to 30 mcg/kg per hour.

Approval duration: 30 days (one time infusion per pregnancy)

B. Other diagnoses/indications (must meet 1 or 2):

- 1. If this drug has recently (within the last 6 months) undergone a label change (e.g., newly approved indication, age expansion, new dosing regimen) that is not yet reflected in this policy, refer to one of the following policies (a or b):
 - a. For drugs on the formulary (commercial, health insurance marketplace) or PDL (Medicaid), the no coverage criteria policy for the relevant line of business: CP.CPA.190 for commercial, HIM.PA.33 for health insurance marketplace, and CP.PMN.255 for Medicaid; or
 - b. For drugs NOT on the formulary (commercial, health insurance marketplace) or PDL (Medicaid), the non-formulary policy for the relevant line of business: CP.CPA.190 for commercial, HIM.PA.103 for health insurance marketplace, and CP.PMN.16 for Medicaid; or
- 2. If the requested use (e.g., diagnosis, age, dosing regimen) is NOT specifically listed under section III (Diagnoses/Indications for which coverage is NOT authorized) AND criterion 1 above does not apply, refer to the off-label use policy for the relevant line of business: CP.CPA.09 for commercial, HIM.PA.154 for health insurance marketplace, and CP.PMN.53 for Medicaid.

II. Continued Therapy

A. Postpartum Depression

1. Re-authorization is not permitted. Members must meet the initial approval criteria. **Approval duration: Not applicable**

B. Other diagnoses/indications (must meet 1 or 2):

- 1. If this drug has recently (within the last 6 months) undergone a label change (e.g., newly approved indication, age expansion, new dosing regimen) that is not yet reflected in this policy, refer to one of the following policies (a or b):
 - a. For drugs on the formulary (commercial, health insurance marketplace) or PDL (Medicaid), the no coverage criteria policy for the relevant line of business:
 CP.CPA.190 for commercial, HIM.PA.33 for health insurance marketplace, and CP.PMN.255 for Medicaid; or
 - b. For drugs NOT on the formulary (commercial, health insurance marketplace) or PDL (Medicaid), the non-formulary policy for the relevant line of business: CP.CPA.190 for commercial, HIM.PA.103 for health insurance marketplace, and CP.PMN.16 for Medicaid; or
- 2. If the requested use (e.g., diagnosis, age, dosing regimen) is NOT specifically listed under section III (Diagnoses/Indications for which coverage is NOT authorized) AND criterion 1 above does not apply, refer to the off-label use policy for the relevant line of business: CP.CPA.09 for commercial, HIM.PA.154 for health insurance marketplace, and CP.PMN.53 for Medicaid.

III. Diagnoses/Indications for which coverage is NOT authorized:

A. Non-FDA approved indications, which are not addressed in this policy, unless there is sufficient documentation of efficacy and safety according to the off label use policies – CP.CPA.09 for commercial, HIM.PA.154 for health insurance marketplace, and CP.PMN.53 for Medicaid, or evidence of coverage documents.

IV. Appendices/General Information

Appendix A: Abbreviation/Acronym Key
FDA: Food and Drug Administration PP

HAM-D: Hamilton Rating Scale for

Depression

MADRS: Montgomery-Åsberg Depression Rating Scale

PHQ-9: Patient Health Questionnaire

PPD: postpartum depression

SNRI: serotonin-norepinephrine reuptake

inhibitor

SSRI: selective serotonin reuptake inhibitor

TCA: tricyclic antidepressant

Appendix B: Therapeutic Alternatives

This table provides a listing of preferred alternative therapy recommended in the approval criteria. The drugs listed here may not be a formulary agent for all relevant lines of business

and may require prior authorization.

and may require prior authorization.			
Drug Name	Dosing Regimen	Dose Limit/	
		Maximum Dose	
SSRIs			
citalopram	20 mg PO QD; may increase to 40 mg PO	$40 \text{ mg/day} (\leq 60 \text{ years})$	
(Celexa®)	QD after one week	20 mg/day (> 60 years)	
escitalopram	10 mg PO QD; may increase to 20 mg PO	20 mg/day	
(Lexapro®)	QD after 1 week		
fluoxetine	Prozac: 20 mg PO QD; may increase by	Prozac: 80 mg/day	
(Prozac [®] , Prozac	10-20 mg after several weeks		
Weekly®)		Prozac Weekly: 90	
	Prozac Weekly: 90 mg PO q week	mg/week	
	beginning 7 days after the last daily dose		
paroxetine	Paxil, Pexeva: 20 mg PO QD; may	Paxil, Pexeva: 50 mg/day	
(Paxil [®] , Paxil	increase by 10 mg every week as needed		
CR [®] , Pexeva [®])		Paxil CR: 62.5 mg/day	
	Paxil CR: 25 mg PO QD; may increase by		
	12.5 mg every week as needed		
sertraline	50 mg PO QD; may increase every week	200 mg/day	
(Zoloft [®])	as needed		
SNRIs			
duloxetine	20 mg PO BID or 30 mg PO BID or 60	120 mg/day	
(Cymbalta®)	mg PO QD		
venlafaxine	Effexor: 75 mg/day PO in 2-3 divided	Effexor: 225 mg/day	
(Effexor®,	doses; may increase by 75 mg every 4	(outpatient) or 375	
Effexor XR®)	days as needed	mg/day (inpatient)	

Drug Name	Dosing Regimen	Dose Limit/			
Drug Name	Dosnig Regimen	Maximum Dose			
		Witaamium Dosc			
	Effexor XR: 75 mg PO QD; may increase	Effexor XR: 225 mg/day			
	by 75 mg every 4 days as needed				
desvenlafaxine	50 mg PO QD	400 mg/day			
(Pristiq®,					
Khedezla®)					
Fetzima®	20 mg PO QD for 2 days, then 40 mg PO	120 mg/day			
(levomilnacipran)	QD; may increase by 40 mg every 2 days				
TCAs					
amitriptyline (Elavil®)	25 to 50 mg/day PO QD or divided doses	150 mg/day			
amoxapine	25 to 300 mg/day PO in divided doses	400 mg/day (300 mg/day			
_		if geriatric)			
clomipramine*	12.5 to 150 mg/day PO QD	250 mg/day (200 mg/day			
(Anafranil®)		if pediatric)			
desipramine	25 to 300 mg/day PO QD	300 mg/day (100 mg/day			
(Norpramin®)		if pediatric)			
doxepin	25 to 300 mg/day PO QD	300 mg/day			
(Sinequan®)					
imipramine HCl	25 to 200 mg/day PO QD or divided doses	200 mg/day (150 mg/day			
(Tofranil®)		if geriatric or pediatric)			
imipramine	25 to 200 mg/day PO QD or divided doses	200 mg/day (100 mg/day			
pamoate (Tofranil PM®)		if geriatric or pediatric)			
nortriptyline	25 to 150 mg/day PO QD	150 mg/day			
(Pamelor®)					
protriptyline	10 to 60 mg/day PO in divided doses	60 mg/day (30 mg/day if			
(Vivactil®)		geriatric or pediatric)			
trimipramine	25 to 200 mg/day PO QD	200 mg/day (100 mg/day			
(Surmontil®)		if geriatric or pediatric)			
Other Antidepress		1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1			
bupropion	Varies	Immediate-release: 450			
(Aplenzin®,		mg/day (300 mg/day if			
Budeprion SR [®] ,		pediatric) Sustained-release: 400			
Budeprion XL [®] , Forfivo XL [®] ,		mg/day			
Wellbutrin [®] ,		Extended-release (HCl):			
Wellbutrin SR [®] ,		450 mg/day			
Wellbutrin XL®)		Extended-release (HBr):			
		522 mg/day			
mirtazapine	15 to 15 mg PO QD	45 mg/day			
(Remeron®)					

Therapeutic alternatives are listed as Brand name® (generic) when the drug is available by brand name only and generic (Brand name®) when the drug is available by both brand and generic.

Appendix C: Contraindications/Boxed Warnings

- Boxed warning(s): Excessive sedation and sudden loss of consciousness during administration. Patients must be monitored for excessive sedation and sudden loss of consciousness and have continuous pulse oximetry monitoring. Because of these risks, Zulresso is available only through a restricted program under a REMS program.
- Contraindication(s): none reported

Appendix D: General Information

• HAM-D scale is a 17-item depression assessment scale to assess severity of, and change in, depressive symptoms.

HAM-D Score	Depression Rating
0 - 7	Normal, absence or remission of depression
8 – 16	Mild depression
17 - 23	Moderate depression
> 24	Severe depression

• MADRS is a 10-item diagnostic questionnaire used to measure the severity of depressive episodes in patients with mood disorders.

MADRS Score	Depression Rating
0 - 6	Normal/symptom absent
7 – 19	Mild depression
20 - 34	Moderate depression
> 34	Severe depression

• PHQ-9 is a 9-item multiple choice questionnaire used for diagnosis, screening, monitoring and measuring the severity of depression.

PHQ-9 Score	Depression Severity
5 – 9	Minimal symptoms
10 - 14	Minor depression
	Major depression, mild
15 – 19	Major depression, moderately severe
> 20	Major depression, severe

V. Dosage and Administration

Indication	Dosing Regimen	Maximum Dose
PPD	 Administered as a continuous intravenous infusion over 60 hours (2.5 days) as follows: 0 to 4 hours: Initiate with a dosage of 30 mcg/kg per hour 4 to 24 hours: Increase dosage to 60 mcg/kg per hour 24 to 52 hours: Increase dosage to 90 mcg/kg per hour (alternatively consider a dosage of 60 mcg/kg per hour for those who do not tolerate 	90 mcg/kg per hour
	90 mcg/kg per hour)	

Indication	Dosing Regimen	Maximum Dose
	• 52 to 56 hours: Decrease dosage to 60 mcg/kg	
	per hour	
	• 56 to 60 hours: Decrease dosage to 30 mcg/kg	
	per hour	

VI. Product Availability

Vial for injection, single-dose: 100 mg/20 mL (5 mg/mL)

Important Reminder

This clinical policy has been developed by appropriately experienced and licensed health care professionals based on a review and consideration of currently available generally accepted standards of medical practice; peer-reviewed medical literature; government agency/program approval status; evidence-based guidelines and positions of leading national health professional organizations; views of physicians practicing in relevant clinical areas affected by this clinical policy; and other available clinical information. The Health Plan makes no representations and accepts no liability with respect to the content of any external information used or relied upon in developing this clinical policy. This clinical policy is consistent with standards of medical practice current at the time that this clinical policy was approved. "Health Plan" means a health plan that has adopted this clinical policy and that is operated or administered, in whole or in part, by Centene Management Company, LLC, or any of such health plan's affiliates, as applicable.

The purpose of this clinical policy is to provide a guide to medical necessity, which is a component of the guidelines used to assist in making coverage decisions and administering benefits. It does not constitute a contract or guarantee regarding payment or results. Coverage decisions and the administration of benefits are subject to all terms, conditions, exclusions and limitations of the coverage documents (e.g., evidence of coverage, certificate of coverage, policy, contract of insurance, etc.), as well as to state and federal requirements and applicable Health Plan-level administrative policies and procedures.

This clinical policy is effective as of the date determined by the Health Plan. The date of posting may not be the effective date of this clinical policy. This clinical policy may be subject to applicable legal and regulatory requirements relating to provider notification. If there is a discrepancy between the effective date of this clinical policy and any applicable legal or regulatory requirement, the requirements of law and regulation shall govern. The Health Plan retains the right to change, amend or withdraw this clinical policy, and additional clinical policies may be developed and adopted as needed, at any time.

This clinical policy does not constitute medical advice, medical treatment or medical care. It is not intended to dictate to providers how to practice medicine. Providers are expected to exercise professional medical judgment in providing the most appropriate care, and are solely responsible

for the medical advice and treatment of members. This clinical policy is not intended to recommend treatment for members. Members should consult with their treating physician in connection with diagnosis and treatment decisions.

Providers referred to in this clinical policy are independent contractors who exercise independent judgment and over whom the Health Plan has no control or right of control. Providers are not agents or employees of the Health Plan.

This clinical policy is the property of the Health Plan. Unauthorized copying, use, and distribution of this clinical policy or any information contained herein are strictly prohibited. Providers, members and their representatives are bound to the terms and conditions expressed herein through the terms of their contracts. Where no such contract exists, providers, members and their representatives agree to be bound by such terms and conditions by providing services to members and/or submitting claims for payment for such services.

Note:

For Medicaid members, when state Medicaid coverage provisions conflict with the coverage provisions in this clinical policy, state Medicaid coverage provisions take precedence. Please refer to the state Medicaid manual for any coverage provisions pertaining to this clinical policy.
